Subscription per Annum, \$2.00, Foreign \$2.50

Ratemayers M.D. Keoma

The Council of M.D. Keoma having again ratified the agreement with the Standard whereby this paper is supplied to each resident ratemayer of the Municipality for a term of one year from May 18, 1922, all subscriptions in the Municipality are extended one year with this issue. If you are a resident ratemayer of Keoma Municipal District and are not receiving the Standard, notify the Secretary, Mr. Frank Ewing, Irricana, and he will arrange for you being put on the subscription list. Ratemayers living outside the Municipality can have the Standard sent to them by request to the Secretary.

Crop Outlook and Irrigation

It is the time of the year to consider very carefully the crop prospective for 1922. In Western Alberta it is often necessary whether irrigation is necessary or desirable. The wheat crop is up about two inches in spite of a cold late spring and all grain crops have been seen to expand since they were sown. Experimental work has been done to determine the question of power irrigation conditions to secure a good crop, barring unusual chances from hail, grasshoppers, etc. It is agreed that there is no reason to anticipate from last year in the subnormal except on land irrigated last season.

During March the average precipitation for the section was 0.26 inches although at Strathmore there was 0.41 inches. During April the average precipitation for the section was 1.52 inches, although at Strathmore there was 2.71 inches. During May in the 29th inst., there has been 0.36 inches of precipitation at the Strathmores. Since then there has been 0.25 inches.

These figures indicate that crops should be irrigated at once unless we have several heavy rains during the next thirty days, averaging at least 0.5 to 1.0 inches. In the event of such rains we are similar to last year but much more unfavorable, as we had an average of 3.01 inches of precipitation in 1921 during March, April, and May while this year our average for March, April, and 28 days in May is only 2.17 inches.

It takes time to irrigate a large area of land and the work should be started now before the crop begins to start in the north. During an interval between the rains, when the irrigation attachment the audience was able to hear musical selections played at the Alberta broadcasting station. The human voice, though audible, was not clearly distinguishable throughout the hall, though the heads of the audience were turned in the direction of the broadcasting, as the early broadcast was better and safer.

Later in my evening messages were picked up from the broadcasting station at Avonlea, Cullerton, over 100 miles away, and the words were quite audible.

The serial used consisted of a short story which ran in the Memorial Hall in the tower of the Methodist Church. The operator was Mr. F. H. Hollingsworth, an expert employed by the Brus-Robinson Co., Calgary, and he was assisted by Mr. C. Douglas, of the same company.

It is very important to smooth out lands that are to be irrigated so that water can be spread evenly and with out waste. The careless use of water will result in loss of crop, and early, would supply moisture for a good crop. It is well to emphasize that showers of say less than one-half inch do not last more than a few days and cannot keep the place an even surface when 6 inches or more water is put on at once.

My idea would be to plow ditchless about 75 feet apart on rough land that has not been prepared and start irrigating the first week in June and stay with it until mid-July. This will give the soil time to absorb the water, will help hold the soil together and create drainage conditions.

One idea would be to plow ditchless about 75 feet apart on rough land that has not been prepared and start irrigating the first week in June and stay with it until mid-July. This will help hold the soil together and create drainage conditions.

There is much disappointment, especially among the showmen and proprietors of some of the small stores at the bazaar failing to pass, as it deprives them of any means of daytime occupation during the week. On the other hand others feel that closing on Wednesday would bring business over to other points which do not observe the holiday.

It would seem that the most recent best dealt with by a provincial enactment, which could be made general all over the Province. The present Early Closing Act can be interpreted in various ways, and therefore lies the main obstacle to putting it in force.

ROBERT S. STOCKTON
May 22, 1922

L.O.O.F. Elect Officers

Strathmore Oddfellows held their semiannual election of officers on Thursday evening, the following being the officers elected:

No. 1 Grand-Chief—Wayne G. Grand—Geo. B. Anderson.
No. 2 Vice-Chief—John Marshall.
No. 3 Vice-Chief—Kreling.
Treasurer—Geo. Stewart.

The other officers will be appointed at the end of the present term.

Heavy Damage Done In Friday's Storm

Sils at C.P.R. Farm Falls

During the fury of the heavy wind storm that passed over the district on Friday night, the Little Falls C.P.R. Demolition Farm topped over and was totally destroyed. In its fall it hit another smaller silo, which will also have to be rebuilt. The other two silos were slightly damaged. The grain bins which suffered heavily were nearly empty at the time.

Electric wires, etc., in the path of the falling silos were broken, and a water hydrant in its way was bent.

Portions of the road were injured by the accident, much of which was due to men. Mr. Thorne had passed just a few moments previous with a load of feed.

The silos are situated close together between the two cow barns.

Damage to Crops

It is feared that the wind has done considerable damage to the growing crops, especially where the soil was light, and where the snows of early Friday morning had not penetrated.

Radio Demonstration Given At Strathmore

—o—

The first radio demonstration ever held in Strathmore was given in the Memorial Hall on Wednesday evening, Empire Day, during an interval in the service. While the majority of the audience at the meeting, who attended the audience was able to hear musical selections played at the Alberta broadcasting station.

The human voice, though audible, was not clearly distinguishable throughout the hall, though the heads of the audience were turned in the direction of the broadcasting, as the early broadcast was better and safer.

Later in my evening messages were picked up from the broadcasting station at Avonlea, Cullerton, over 100 miles away, and the words were quite audible.

The serial used consisted of a short story which ran in the Memorial Hall in the tower of the Methodist Church. The operator was Mr. F. H. Hollingsworth, an expert employed by the Brus-Robinson Co., Calgary, and he was assisted by Mr. C. Douglas, of the same company.

Proposes Reduction of School Salaries

—o—

At a meeting of Strathmore School Board held last Monday evening, the question of teachers salaries was up on the agenda, and re-arrangements for the next term.

At least three of the present staff will not be available next term. Mr. W. J. Palmer, teacher at the public school next term, will not be retained, and it is anticipated that he will not be with the school next term. The department has informed the Board that the permit of Miss Miller and Miss Palice expire in June and December of this year.

The salary to be offered to the incoming principal was \$1,000. Vice-principal \$1500, and public school teachers \$1600 per year. The Public School staff remaining will be paid \$1,000 per year.

With the Board was desired to interview the staff as to whether they intended to re-engage.

Charges for Outside High School Pupils

The Board will charge \$2.00 per month per pupil to the school districts from which high school pupils resident outside of Strathmore. This amount, as provided by amendment to come, is provided by amendment to the School Board Ordinance passed at last session of the Provincial Legislature.

Favorable Report from Inspector

The favorable report of Mr. J. D. Boyer, Inspector of Public Schools, was read, and was commended by the members of the board.

Probate's Expenditure on Building

A committee was appointed to ascertain the cost of providing a dwelling house for the sexton, also with regard to sanitary equipment recommended by the inspector, and the drafting of a bylaw for the amount necessary.

—o—

Report of Inspector from Inspector

Mr. J. D. Boyer, Inspector of Public Schools, was read, and was commended by the members of the board.

Poaching Case

On Saturday evening, yesterday, police, who had dropped to the floor from a boy, as a result probably of a recent removal of the furniture, the young son of Ed Collins, painter neatly terminated his existence. The incident happened in the kitchen. Mr. Oliver was called, and administered an enema, and the child recovered later in the day. The boy exhibited the signs of strichloro-poisoning in a very pronounced manner, and the prompt action taken saved his life.

—o—

Reports of Winter Killing of Alfalfa

There has been large acreage of winter killed in the irrigation districts, and what is troubling the farmers is that registered Alfalfa seed in many cases showed lack of hardiness.

Grasshoppers are preying on alfalfa, winter and spring, and because of the killing of this species has been negligible. Because of this hundreds of acres have been seeded to Alfalfa at a very considerable expense. The price of Alfalfa seed has risen to 50 cents per bushel, the cost of seed being from \$5 to \$10 an acre.

The M.A.T. understands that the Irrigation Investigation Branch of the Canadian Pacific Railway is making an extensive enquiry into the report of winter killing of Alfalfa, and will undoubtedly have a statement to make later on.

While last winter was a severe one, conditions did not differ materially from previous winters, when this trouble was not manifested.

BASSANO MAIL

Death of Mrs. Rose

—o—

The death occurred at her home near Strathmore, about one mile from Mrs. A. H. Brown's residence and reflected the name of this district. The late Mrs. Rose had been in failing health for some time past, and only recently had been removed to the next term.

At least three of the present staff will not be available next term. Mr. W. J. Palmer, teacher at the public school next term, will not be retained, and it is anticipated that he will not be with the school next term. The department has informed the Board that the permit of Miss Miller and Miss Palice expire in June and December of this year.

The salary to be offered to the incoming principal was \$1,000. Vice-principal \$1500, and public school teachers \$1600 per year. The Public School staff remaining will be paid \$1,000 per year.

With the Board was desired to interview the staff as to whether they intended to re-engage.

IRRICANA NEWS

—o—

On Wednesday the Keoma junior and senior ball teams played the local junior and senior teams. The winning team was won by Irricana with a score of 11-5, while the senior game went to Keoma by 10-8. A large crowd attended the dance while it was in progress.

Miss Ewing is improving rapidly and it is expected that she will be able to return home next week.

Although a very threatening thunder storm came up Thursday evening, the rain did not fall with any little rain.

Dr. Hardin has been on the sick list.

Orval Forster smashed up his car somewhat when it collided with a car on Empire Street. The car being driven by a woman.

The entrance and high school examinations are to commence within three weeks.

Mr. Ronch, one of our local merchants, is selling out.

ARDENODE NOTES

—o—

Those who missed the U.P.W.A. meeting last Wednesday at Mrs. A. H. Booth's missed a treat of refreshments as well as a very good speech delivered by Mr. J. H. Horrocks and the Strathmore Hospital. Mrs. J. Horrocks was elected representative to act on the Hospital Board. A bouquet of flowers was voted to be sent to Mrs. Irene Donahue in memory of her husband.

The next meeting will be held at Mr. Jim Goethals' on June 5th. Please attend.

HERVEY NEWS

—o—

Mr. Joe, Ferguson and family, and Anna Hundal of Calgary, spent Empire Day at Mr. Shober's.

What is this locality is looking like on account of frost and wind, but we will come out alright with a little rain.

Mr. John Ken's five acres of sunflowers will be harvested this week, and the ground committee will be asked to go ahead and make other improvements, so far as funds permitted.

With regard to cabbages, it was decided upon to change the cabbie captain, and the new captain will be Mr. W. L. Smith, and the assistants, and all other boys will be held to the course. It was also decided to ask the members to refrain from buying balls from bays.

Golf Meeting

—o—

A meeting of members of Strathmore Golf Club was held in the Town Hall on Friday evening. President G. H. Patrick presiding.

Improvements to the course were decided upon, it being decided to skin off the greens, this having proved rather successful. No. 1 hole, and the grounds committee will be asked to go ahead and make other improvements, so far as funds permitted.

With regard to cabbages, it was decided upon to change the cabbie captain, and the new captain will be Mr. W. L. Smith, and the assistants, and all other boys will be held to the course. It was also decided to ask the members to refrain from buying balls from bays.

Weather Continues Dry

—o—

The prolonged spell of dry weather is causing considerable anxiety among the local farmers, especially the cattle and hog raisers of the Crowsnest and the Bow River areas. There has been no rainfall of any consequence since the beginning of May, and as a result the top soil is drying out, the high winds which prevailed last week again causing desiccation.

Many dry fields could hold out several weeks yet without further moisture, but others need rain within the next ten days to pull them through. There has been some damage by soil blow, but the last rain has stopped.

Irrigation districts were blessed by a good shower on Monday, and prospects this week are for moisture. If there is rain within the next ten days the prospects for a good crop will still be bright.

Irrigation Being Used Extensively

Localities who have irrigated land are experiencing excellent results in making their fields grow and making profits to use it.

The Irrigation Project is being carried on with great interest and enthusiasm.

Reports are that there is sufficient moisture in the top subsoil, but as has been said the top soil is drying out.

The calls for water are heavier now than at any period in the history of the irrigation project. Independent future rainfall the adviser is being given to irrigators to find that possibly can be improved.

The calls for water are heavier now than at any period in the history of the irrigation project. Independent future rainfall the adviser is being given to irrigators to find that possibly can be improved.

George Palmer, Sam Longbottom, took in the sports at Strathmore on Empire Day.

L. E. Haydon moved to his farm last week to stay for the summer.

Imperial school children spent a very enjoyable picnic at the Van Camp Grove.

Coming Events

—o—

The American Guild will hold a Garden Party at Mr. J. French's on June 19th at 8 p.m.

Mrs. Fox and A. D. Currie will collect in Strathmore for the Red Cross, June 22nd, 23rd, 24th, 25th, and Wednesday, June 30th, 6th and 7th. The smallest contributions thankfully received.

A superattractive coming Wednesday evening will be the "Great Barn Dance," featuring Betty Compson, the famous actress. The splendid picture which has been showing to crowded houses throughout the country for the past few weeks.

The Budget Figures

Cut Made in Agricultural, Mining and Other Machinery and Slight Cut in Boots and Shoes;

Mr. Fielding Urges Retirement by Government and the People

OTTAWA, May 21.—The following gives the budget in brief:

Tariff reductions combined with increases in specific taxes.

British preference increased on many items.

Few reductions on imports from United States.

Act has been passed regarding control over production of cotton in textile, and importation duty on foreign exchange to 50 per cent. are all repealed.

Goods marking act repealed, but marks made permissible at option of government.

Sales tax increased by 50 per cent.

Tax on one per cent. imposed on bank circulation, in addition to income tax.

Excise tax on premiums paid to unlicensed insurance companies.

Tax on checks raised to two cents on each \$50.

Tax on telegrams raised to five cents.

Taxes on tobacco, cigars and cigarette revised so as to relieve cigarette brands and increase rates on more expensive.

Alk. beer, porter, etc., to pay tax of 10 per cent.

Additional tax of five per cent. on automobiles up to \$1200 in value above that, ten per cent.

Confectionery to pay tax of five per cent.

Tax reduced on matches in small boxes.

Customs rates on agricultural implements reduced by from 2½ to 5 per cent.

Increase in British preference on sugar.

Reduction of 2½ per cent. in duties on woolen clothing.

Collars and cuffs, reduction in duties of five per cent.

Buttons and shoes, duty reduced by 2½ per cent.

Reduction of 2½ per cent. in British preference rates on cotton fabrics, also on knitted goods, linens, or cotton clothing.

British movie films to come in at lower rate.

Machinery for sawmills reduced under the general tariff.

Excise tax of 49 cents imposed on beet sugar.

Baseball Games On Empire Day

Strathmore Gets To Goof Start Wins Double Header.

Strathmore had a couple of easy victories in the opening of the baseball season on May 24th. Being a public holiday, there were good attendances at both games.

The first ball was pitched by Mayor Dick Jacobs.

Strathmore got off to a good start in the afternoon game, scoring six runs in the first innings, while the opposition only registered one.

The second game was somewhat lopsided, and the final score was 13-10 for the locals.

Oscar Seehausen pitched the first part of the game for Strathmore, and Wm. Gray the balance.

The opening team, consisting of being a veritable swatfest, with 12 runs registered. After that the locals took it easy, and the final score was 16-12. Dick Jacobs, the old reliable pitcher, who pitched the first game.

The opposing team, going under the designation of the Calgary Junior Broncs, were weak on pitchers. Akland, who pitched the first game, having to pitch most of the second, failed to get through the box in his second innings.

The opening team, going under the designation of the Calgary Junior Broncs, were weak on pitchers. Akland, who pitched the first game, having to pitch most of the second, failed to get through the box in his second innings.

Calgary will have to bring down a stronger team the next time they come to Strathmore.

Score by Innings: first game:

Strathmore 5 1 2 0 4 0—14

Calgary 0 2 0 2 1 2—16

Second game:

Strathmore 3 12 9 0 6 1 0—16

Calgary 0 1 0 0 2 0 2—11

Team First Game

Strathmore—Payne, c.; Anderson, 2nd b.; Jenkins, 3rd b.; Anderson, c.; Smith, 1st b.; Gray, r.; Seehausen, p.; Breton, s.s.; Jacobs, 1st, Jones, 1st, Zieher, 2nd b.; Palmer, 2nd b.; Lyons, c.; Johnson, s.s.; H. Palfrey, 1st; Folger, r.; Akland, p.

Second Game

Strathmore—Payne, c.; Anderson, 2nd b.; Jenkins, 3rd b.; Anderson, c.; Smith, 1st b.; Boiles, c.; Baker, 2nd b.; Seehausen, 1st; Jacobs, p.

Calgary—Moody, 2nd b.; Zieher, 1st b.; Maguire, c.; C. Palfrey, p.; Lyons, 1st; Folger, r.; Akland, p.

Strathmore Citizens Band discarded music from the bleachers last night, and the selections given were much appreciated.

Dances Well Attended

The dance held in the evening following the movies was very largely attended, and a very enjoyable evening was spent to the music of Hitler's orchestra.

Food was served at midnight.

As a result of the day's doings the treasury of the club will benefit to a considerable extent, and it puts the club in a good financial position for the forthcoming season.

MUNICIPAL HAIL INSURANCE

Carried over 70 per cent. of the hail insurance written in Alberta in 1921, nearly three times as much as all the others combined. Total losses paid \$2,150,000.00, the largest amount paid in one year by any hail insurance organization in Western Canada. The plan

Tennis Tournament Provides Close Finish

Result Depends on Final Sets

During the past two weeks a competition between teams representing president and vice-president respectively of the local club has been engaged in. The local club has been organized for the past three years, with the exception of one quarter, who have not yet met. So far president and vice-president's sides stand even with five wins apiece, so that the final set will tell the tale.

Results of the first four sets:

H. Jones and Mrs. Van Duren, 1st vs. T. Phillips and Mrs. Van Duren, 2nd.

H. Jones and Mrs. Van Duren, 1st vs. W. Marshall and Miss Anderson, 2nd.

J. Vicars and Miss Farlie, 2, vs. R. Prince and Mrs. Prince, 1st.

Miss Carle and Mrs. H. Hiltz, 1st vs. Mrs. T. Wright and Mrs. Lall, 2.

Mrs. E. Smith and Miss E. Gray, 2, vs. Mrs. H. Williams and Mrs. Van Duren, 1.

A. Givin and Mrs. Givin, 2, vs. A. Fonte and Mrs. Wood, 1.

H. Jones and Miss Givin, 1, vs. Currie, 2, and Miss St. John, 2, to be played.

J. MacKenzie and Miss Dawson, 1, vs. J. Sutler and Miss Baker, 2.

H. Vicars and H. VanDuren, 2, vs. C. S. Lall and B. Plesner, 0.

Wednesday's games at the Memorial Hall, "At the End of the World" was well attended, and was thoroughly enjoyed. The radio demonstration during an intermission added novelty to the proceedings. If cross conditions improve there should be a demand for services more frequently than once a week.

Congregational Supper at the Union Church

A largely attended congregational supper was held in the Union Church on Monday evening. Business after supper was interspersed with some selections from local artists. The entertainment included Zerkle, Dorothy Marshall, Frederick Hirtle, Miss Fattie, Miss Dawson, Mrs. Todd, Mrs. Smith and Mrs. Zeikle. Reports of the different organizations of the church were presented. Report of the Sunday School of the church was presented by Miss Alice Crawford, Secretary of Strathmore Sunday School. It is evident that these schools are in a thriving condition. Contribution to the church was \$100.00. The new secretary of the church was given by Miss Alice Crawford, the new secretary of that very active organization. The sum of \$50.00 was raised and largely expended in the interior decoration of the church and a sum amount in purchasing new vestments. The Ladies Aid are persistent忙usters.

The official board report was given by W. M. Marshall, the secretary treasurer. After the supper an offering of a barrel and half barrel, a total of \$400.00 had to be stated. It is hoped that renewed efforts will clear this amount.

The evening steward C. S. Lait, a well educated man and appealed for stronger systematic support. Mrs. Myers, of Nakaka, gave a short address, appealing for stronger emphasis on the spiritual life of our people. Mr. Sim and Mr. Johnson were requested to continue their work at Nakaka. Mrs. Green, the new president of the Ladies Aid, appealed for all ladies to co-operate in their work. Mr. Johnson, Superintendent of Strathmore Primary School, in his speech, highly praised the faithful staff of officers and teachers and urged even bigger things for the school. Mrs. Marshall, Superintendent of the primary department, presented a small gift and said "here and come along highly the best help she had". An invitation to all parents to send and bring all children from four years to eight to this department.

The election of the officers took place as follows: Strathmore—W. M. Marshall, C. S. Lait, R. Smith, Jos. F. Dr. Givry, E. E. Zeigle, H. E. Tompkins, Dr. Harris, W. G. Way, Mrs. B. G. Gandy, Mrs. Tom and P. Johnson, Sunday School Superintendent.

Nakaka—Mr. H. Hansen, Mr. Thompson, Mrs. C. C. Myers and Mr. J. McRae, their secretary-treasurer to be elected later.

Herves—Mr. Wm. Laycock, Mr. J. Kent and Mr. McKay.

The successing gathering closed with the national anthem.

“shee, Quee—A personally con-
tacted her from England on board the Canadian Pacific Liner, “Empress of Canada”. The majority of them are destined for Western points, where they will engage in farming. This is the second large party of land-seekers brought out from England this year by the Canadian Pacific Railway.

TURNER NEWS

—o—

Mrs. Peter Vidal has been quite ill with a severe attack of tonsillitis.

Mrs. Walter Keer, Mrs. Hutchison, Mrs. Lydia Keer and Mr. Forbes were visiting at the Banquet home last Friday.

Quite a number of local people attended the ball games at Strathmore Victoria Ball.

Mrs. Novak and sons visited at the Reht, Allan home on Tuesday.

Mr. Hoffman is in fine repair after spending some time in Victoria.

The next meeting of the U.P.A. will be held Friday, June 2. All members are urged to attend, also all members of the club. Important matters will be discussed.

Heben Novak entertained her school Saturday afternoon. The occasion was a birthday. The table, which was set for twenty, little folks was decorated with wild flowers and May baskets.

NAMAKA NEWS

—o—

On Friday the first ball game of the season took place between the Beneficiaries and the Bachelors. Both teams had a strong lineup. The result was a score of 11-8 in favor of the Beneficiaries. The game was won by the Beneficiaries, who were ahead from the start. They were up to first but were disposed of for no runs, and one hit; but were held by the brilliant pitching of Jack McEachern, who has only recently joined the team. He was recently signed to the catchers by Theo Thomson. The beneficents then went to last and piled up four runs in the first frame, this also had a tendency to put the game out of reach. The Bachelors were pinned up nine ball, but their support was awful weak. Charlie Chaplin, on first, dropping three times; their catcher was also weak. The star performance of the evening was the pitcher, who was excellent.

A. F. Foote was holding fishing permits. Season opens June 15th.

Local Notings

LOCAL INTEREST

Readers are requested to send items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 12-2222.

An enjoyable dance was held at Nightingale on Friday evening last. Music was provided by Thurston's orchestra.

Mrs. G. H. Patrick and son returned to Strathmore last week after a winter spent in Ottawa.

Mr. L. T. Williams went the round of the local golf courses in 47 in last week's competition. Mr. Williams had no handicap, being the scratch player for the course.

Capt. and Mrs. Eaton of the Royal Canadian High River Station, visited with Mr. and Mrs. T. Schmitz last week.

The Council of M.D. Keoma met on Monday. A report of the proceedings will appear in next week's issue.

Mrs. A. A. Campbell, with Mrs. Prichard, has been visiting with Mrs. Prichard.

Strathmore Hospital during the last month has been kept very busy. It had been the intention of the Board to close down on May 20th, owing to lack of funds, but under the circumstances it is impossible to do so.

Minor damage in Friday's windstorm included the overturning of "Dabbs" stand at the ball park.

While some rain in Alberta have been enjoying considerable precipitation during the past week, there are many others in the same position who are trying most of which have not the benefit of irrigation in case of continued drought.

There is one thing to be said for the 2½ per cent. reduction in farm implements. It is only half cent stronger than the price of beer.

Mr. Anton Petersen was among the top notchers at the trap shooting competition held in Edmonton last weekend, scoring being 24 out of a possible 100.

Mrs. Juli, of Sinclair and Juli, berries, Calvary, was in Strathmore on Saturday inquiring into the prospects of opening up a shop here.

Fred Falkner has just completed the seeding of 100 acres of wheat on the Falkner farm south of town selected today for the Education district where he will put in the summer training a plowing tractor.

Mr. Juli, of Sinclair and Juli, berries, Calvary, was in Strathmore on Saturday inquiring into the prospects of opening up a shop here.

A meeting of the Strathmore Head Board will be held in the Town Hall on Saturday, June 2nd, at 8 p.m. Every representative is urged to be present.

A. F. Foote was holding fishing permits. Season opens June 15th.

Letter To Editor

—o—

Editor, Strathmore Standard.

Dear Sir:

There are quite a few rumours regarding my position with regard to the Early Girl C. B. W. I am at the other end to those. I am writing this communication, which I trust will be satisfactory to all.

I was asked to sit the position before the Board of Directors because I was president of the Community Club, but the matter was never taken up at any meeting of that club, because of my neutral position as to the question of the name, and that I have no aversion to either way.

My private opinion is, of course, strongly in favor of a hat/holiday, but this did not enter into any work I did, but was done rightly or wrongly, and I am not going to say what I did, so my private opinion that if the business people of the town cannot harmoniously amongst themselves to close, no by-law will ever force them to do it.

Yours truly,
A. D. CURRIE

CATTLE ROUNDUPS

—o—

Attention is called to the fact that requests for roundups of cattle, before being granted by the minister of agriculture, must be signed by at least two persons who shall be responsible for the conduct of the roundup in accordance with the regulations.

Miss Gretta Watson was home from Calgary over the weekend.

Miss Gertrude Chamberlain was guest of Gladys Lewenden over the weekend.

Celebration July 19th

—o—

Anniversary of Memorial Hall Opening

—o—

Peace Day, July 19th, is to be celebrated as a public holiday in Strathmore, the Mayor having already issued instructions to that effect. The G.W.V.A. are going to organize a big sports program, and the German band will be present to entertain.

On July 19th, last year, the Memorial Hall was formally opened and it is therefore fitting that the day should be again made the occasion of a general celebration.

Counter Check Books

Why give your order for Counter Check Books to an outside man when you can get the same goods at home for the same money, with a better service. We are agents for some of the largest Counter Check Book firms in the Dominion of Canada, and will meet any prices you are offered.

The only difference it makes to you is that the commission stays at home instead of going outside.

Phone us and we will show you samples and quote prices.

A Gratifying Change

There has in these past years been so much bitterness in Canada's party politics, and such a profound sense of despair for the leaders of one particular party to return to see anything good in the party and its opposing party, that it is not only gratifying, but decidedly encouraging to note the change for the better which has taken place in recent years, and which is becoming more pronounced.

A pleasant illustration of this was given a few days ago when, addressing our own Western Union, Hon. H. H. Stevens, who was a minister in the Melgund Government, frankly stated that he believed the King Government was honestly desirous of helping the farmers of Canada in their present difficulties and was earnestly seeking a way whereby practical assistance could be rendered to the agricultural classes.

Now, a despatch reporting the proceedings of the Parliamentary Committee investigating the problem of wheat marketing indicate that the members, in giving consideration to this large and vitally important subject, are not trying to make party ends prevail, and to place their political egos in the balance. They are, rather, seeking to do a public service and decide what would be best for all, and to provide the necessary removal of present disabilities imposed on agriculture, and give to the producer of grain a reasonable guarantee that he will receive the largest possible return from his labor.

Both these points show that the larger national standpoint the attitude of the people towards agriculture is most encouraging, and holds promise that the same patriotic and business-like views will prevail when Parliament is called upon to deal with other great national questions. In the wise solution of which is bound up the welfare and prosperity of the people.

And why should this bigger, better, national viewpoint not prevail in our national Parliament? Considered in the mass, the Canadian people, while interested as all people living under a democratic form of government must be interested in the organization and policies of political parties, are not really so much and more concerned in the fortunes of a political party than in the good government of the country and the wise administration of Canada's affairs.

There was a time when it seemed to be the accepted view that when one party announced its policy on a given question, whether that party be in office or in opposition, that was the last word on the subject. There was a time when it was considered axiomatic to accept its merits. Fortunately for Canada that time now seems to have largely passed, and today political leaders are becoming more and more willing to acknowledge the good features of their opponent's policy and to allow a readiness to co-operate in still furthering the welfare of the nation.

In these difficult and trying times through which the whole world is passing, it is not partisan, super-national government that Canada requires, but patriotic, constructive cooperation by all members at Ottawa, regardless of the party with which they are aligned with the common object of giving the Dominion the best possible government. The time has come for co-operation and compromise and even cooperation when it is called for in the public interest, but the main guiding motive of Liberals, Conservatives, Progressives and Labor needs to be the advancement of Canada's highest welfare and the sound development of national policies with a view to the happiness of the Canadian people and the enhancement of the prosperity of the country as a whole.

We repeat, therefore, that present signs are both gratifying and encouraging and especially so to the men and women engaged in the banner cause of industry, agriculture, which in the past has been the chief suffered among Canadian industries from the obdurate bitter partisanship which opposed merely because the ideas and policies emanated from political opponents.

Feed the body well

Right food for the body is more important than right fuel for the engine.

Grape-Nuts

is a scientific food, containing all the nutriment of wheat and malted barley. Grape-Nuts digests easily and quickly, builds toward health and strength — and is delightful in flavor and crispness.

"There's a Reason for Grape-Nuts"

Good Argument for St. Lawrence Waterway

Statistics Show Immense Tonnage Moved on Great Lakes

Shipping statistics show that the total tonnage on the Great Lakes is about 125,000,000; from Atlantic ports, \$8,000,000; Pacific coast, 10,000,000; Gulf coast, about 15,000,000, and rivers and canals some 25,000,000 more.

"This means that almost as much tonnage is moved on the Great Lakes as on all other American waters, and more than on three times the coast," says the Great Lakes St. Lawrence Tidewater Association.

"And this is done in spite of the fact that the cost of moving tonnage on the St. Lawrence is twice as great as on the St. Lawrence. With a saving via the St. Lawrence, the Middle West will develop more waterborne commerce than all the rest of the world."

The importance of the St. Lawrence seaway may not be this heavy horsepower freight, but in saying so they admit that there is no water transportation for low-class freight cannot afford a long rail haul."

An Oil that is Prized Everywhere.—

Dr. Thomas' Electroite Oil was put upon the market in 1905, and has sold over fifty years ago. It was put up to meet the wants of a small section, but its popularity has increased so rapidly that it had a whole continent for a field, and it is now known and prized throughout the world.

It is a pure, refined oil, and there is nothing equal to it.

B.C. Tree Seed for New Zealand

Fifty pounds of Douglas fir cone seed and a same amount of Sitka spruce seed have been shipped from the Douglas spruce seed extracting plant at New Westminster, and the New Zealand Government, a similar shipment at the same time going forward to the Australian Government.

"We are conquering the difficulties of the north faster as time goes on," he writes. "It was more than a thousand years from the time when the Roman legions first came to Gaul until a colony could exist north of the Alps. We are now on a par with that of Italy, but it was only a century from the time when Benjamin Franklin thought the island of Newfoundland was worth more than all of Canada until the time when second-rate cities in Canada had become more important than the whole of Gaul."

"Some disease or constitutional disturbance has left its mark on the Alpine upland civilization north of the Alps. It was really on a par with that of Italy, but it was only a century from the time when Benjamin Franklin thought the island of Newfoundland was worth more than all of Canada until the time when second-rate cities in Canada had become more important than the whole of Gaul."

How An Ontario Teacher Regained Good Health

"I am a school teacher by profession," says Mr. James R. Thompson, "and I have been teaching for 25 years. When I started school teaching I was very poor health. I suffered a nervous condition, and was unable to work and no relaxation."

"I was unable to think, or act, or even to eat properly. My digestion was continually running up and down my back, my arms and my head were continually aching, and at times to partly paralyze me, and often my heart was thumping like a trap."

He consulted his family doctor, and he immediately began to feel better.

"I had to give up my school teaching, and I had to recuperate my lost health, and I drank quarts of tea, yet nothing helped me. It did not build me up to my normal health again."

Auerleone and estate management, chirurgery, and dental surgery are three professions in which good prospects are said to exist for women.

A Real Asthma Relief.—Dr. J. D. Williams' Pink Pills have met with great success in the treatment of asthma.

His claims are conservative, and it is not claimed that they will cure all cases of asthma, but they will relieve and remove the symptoms in a large percentage of cases.

Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.00. Write to Dr. J. D. Williams' Pink Pills Co., Rockwood, Ont.

Will Keep Canada's Money at Home

Treatment of Canadian Oil Will Establish New Industry

Realizing that Canada has been

paying annually millions of dollars for

steel products and that these

industries of Canada have been de-

pendent upon the United States for

supplies of iron ore, the Council for

Scientific and Industrial Research at

Ottawa has been investigating the

native iron ore resources, and has re-

ceived reports from its committees to

the effect that it is time to undertake

the special treatment of the Cana-

dian ore required to fit them for

commercial reduction to pig iron.

It is hoped thereby to establish a new

and important home industry.

Did you ever notice what a lot

of friends you haven't got when you

haven't got the money to help you?

Now, druggist sells a tiny bottle of

"Freezone" for a few cents, sufficient

to remove every hard corn, soft corn

and callus, and even warts, without

soreness or irritation.

Conquering the North

Stefanoff Says it is Only a Matter of Time

The phrase, "The Friendly Arctic," which is little of Vilhjalmur Stefansson's new book, is in itself a challenge and a defense for the rigors of the north which most people of the world have not yet experienced.

For a year and a half Stefansson has been traveling in the Arctic regions, and has made a number of observations which he has collected in his book.

"We're World's Work" presents the case for a cold climate, and says the world has frequently extended its habitable regions, and notably in the case of Canada.

"We are conquering the difficulties of the north faster as time goes on," he writes. "It was more than a thousand years from the time when the Romans first came to Gaul until a colony could exist north of the Alps. We are now on a par with that of Italy, but it was only a century from the time when Benjamin Franklin thought the island of Newfoundland was worth more than all of Canada until the time when second-rate cities in Canada had become more important than the whole of Gaul."

Some disease or constitutional disturbance has left its mark on the Alpine upland civilization north of the Alps. It was really on a par with that of Italy, but it was only a century from the time when Benjamin Franklin thought the island of Newfoundland was worth more than all of Canada until the time when second-rate cities in Canada had become more important than the whole of Gaul."

THE STRATHMORE AND BOW VALLEY

We wish to thank the public for the way in which they have supported us in our half-holiday from the New Year to this date.

We will still be closed every Wednesday afternoon, as per the Early Closing Bylaw, but every other day in the week we are in a position to meet your wants and every requirement in price, quantity, and quality.

SNAITH & GARDNER

Foolish Saving

A penny saved is not always one earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising loses much more than he saves.

The money spent for plate glass windows is not thrown on as cost; nor is the money spent on better interior lighting.

Anything that increases flavor, that adds to sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment—just as plate glass windows are. Advertising sells more goods to more persons than shop-windows do.

A WORD TO THE PUBLIC

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary, is not your impulse to respond to his friendly overtures:

Shop Where You are Invited to Shop

Strathmore, Alberta, May 31st, 1922

FORMATION OF WHEAT BOARD PROBABLE

The latest developments at Ottawa indicate that there is a strong probability of a Wheat Board being in operation in time to handle this fall's crop. The powers will not be as extensive as in the case of the former board, flour and mill products being exempted from the control of the board. As far as the greater part of Canada's wheat is exported, this will not make any material difference.

The main arguments for a wheat board are that it will eliminate speculation, and that it will stabilise prices by spreading the distribution of the grain over the whole twelve months, instead of having a glutted market in the fall. It means that the credit of the Dominion will be used to carry the crop over till the market is ready to absorb it. This is the function that speculation performed, but it was expensive for the farmer, as if he had no resources of his own, he was forced to throw his grain on the market at a time when the market was glutted.

TARIFF REDUCTIONS AND NEW TAXES

The budget presented to the House of Commons by Hon. Mr. Fielding last week, does not present any very striking features. To use an army term, it is a case of "as you were." Reductions of 2½ to 5 per cent. are made on the tariff on farm implements, and reductions of a similar amount are made on certain articles coming from Great Britain.

The effect of these reductions, however, is largely taken up to the consumer by the addition of 1½ per cent. to the sales tax, which now amounts to 4½ per cent. on all articles, whether manufactured in Canada or elsewhere.

There is nothing original or striking in the Budget. It was perhaps impossible to expect it, as trade in Canada is at a low ebb at present, and any drastic alterations might affect business unfavorably. Canada's biggest burden at present is the national railway system, which last year accumulated a deficit of \$72,000,000. Another burden is the tax free victory bond stock, by means of which a large proportion of Canada's wealth is exempted from taxation.

While the Government could not probably take any other course than that what they have done at the present time, yet the budget accords ill with promises made during the election as to the tariff on farm implements and as regards the British preference. The financial conditions in December last were very little different from what they are at present, yet the Liberal election programme of that day and the present budget bear no relation to each other.

We can well remember the Liberal candidate for this constituency declaring in thunderous tones that the party was in favor of immediate removal of the tariff off all farm implements, and immediate increase of 50 per cent. in the British preference, with Free Trade with the Motherland in five years. In fact he said that if he was returned he would insist on the policy being carried into effect immediately. But the Honorable Duncan was not returned, and we have been spared the affecting spectacle of his breaking from his party. Indeed he is now one of the best paid servants of the people of Canada, and in a position that, while he can do good work for Canada agriculturally, yet he is not entitled to take any part in policies.

GRASSHOPPER MENACE

—o—

Grasshoppers are beginning to hatched out in many places in the more southern portions of the province now, and the department of agriculture emphasizes the fact that this menace is likely to be much more serious this year than last.

This can be made known in sufficient detail so that unless the utmost co-operation is exercised by every farmer in the district affected, in the movement to stamp out the pest, the entire crop of 1922 (b) destroy with disastrous results.

These are not idle statements made merely to alarm the farmers, but are made after careful study of the situation and with the object of impressing upon every individual in the community the keeping

on the job in the campaign against the pest. It is essential that every farmer do his utmost. The failure of one farmer to take the proper steps to kill hopper on his place may undo all the work of all the other farmers and organization in his district. On

the agricultural department have been touring the various districts during the past week completing organization for the campaign. Rural municipal councils are urged to be alert to the seriousness of the situation and are advised to prepare to do their part.

When figuring what you would save by buying a Ford in preference to some other car don't stop at the purchase price—important though this saving is. The big saving is on gasoline, tires, oil and repairs. No other car can be operated at so little expense. No other car will give the same uniform service and satisfaction. No other car will last as long and ask so little in return as the Ford.

Strathmore Wins

Tennis Games

—
Strathmore vs. Brooks
—
On Empire Day, a team from Strathmore went down to Brooks and played the local tennis experts, winning all the matches and taking the trophy.

Strathmore—H. S. Stockton and G. H. Patrick; Brooks, Nied and C. E. Anderson. Strathmore won sets, 6-1 and 9-5. Brooks won set 4.

Stockton, Rawlings and H. Van Buren vs. Anderson, W. P. Gordon and F. W. P. Anderson. Strathmore won both sets, 6-1, 6-1.

Strathmore—H. S. Stockton and F. Young, won by default, play being discontinued by Brooks first.

After the Brooks game, were over U. S. Stockton and G. H. Patrick took on McLeans and McCallum, winning one. Strathmore losing two sets and winning one. Scores 6-2, 5-6, 4-6.

OLDS EX-STUDENTS OF AGRICULTURE ARE TO HOLD ANNUAL REUNION

The second annual oldsmen's reunion of the Olds School of Agriculture Alumni Association will be held on July 21st. Ex-students from all over the prairie will gather at Olds on that date to renew old friendships made during the period they were students; to discuss matters affecting their Alumni Association and to gather data and information respecting experiments conducted on the Experimental Farm.

An attractive programme is being arranged and those who attend are assured of a busy day. The Oldsmen will meet with a social and dinner to be had in the Assembly Hall.

Friends of ex-students; any who are contemplating a course at one of the Agricultural schools, or any person interested in Agricultural education will be made welcome.

TUBERCULIN TESTING FOR CITIES AND TOWNS

A discussion which took place recently in the House of Commons in regard to the testing of cattle and towns of Canada do not take advantage, to the extent they should or might do, of the opportunity offered by the Dominion Dept. of Agriculture, or, in other words, to take advantage, or create, tests for tuberculin by officials of the Health of Man branch. By order-in-council passed in April, 1917, it is provided that on application to the Veterinary Directorate, any city or town may have the services of the Veterinary Inspector to test the cattle in the said city or town.

Under the existing condition that the duties implying the milk or cream be licensed and conform to the standard. It is further understood that two years after the first day of the year, the test will be applied to the cows after the equipment of the various organizations, and the baseball boys have thought that this would be a help to spent locality.

A.P.P. To Be Asked To Help

As Strathmore has now no town policeman, it was decided to ask in乞助 the Provincial Mounted Police to be asked to help. If it would be possible for the local representatives of the "Jug" Constable Hale, prosecute under the Town bylaws.

Town Council Holds Special Meeting

—
Quiet, But Busy

A special meeting of Strathmore Town Council was held in the Town Hall on Tuesday evening last. Mayor Miller presiding over a full council.

Bad Culverts to Be Fixed

The crossing back of the elevators on the main street, between the corner, is in bad condition, and the council decided to purchase a metal culvert in place of the present wooden crossing.

J. Schultz Rents Bradley Farm

The Bradley Farm, which has been under discussion for several meetings, was rented to Mr. J. Schultz for \$250.00 per annum.

Early Closing Bylaw

The Wednesday afternoon session was to be adjourned for several hours, when Mr. J. Schultz, representing Messrs. J. Simmonds, W. A. Ferberberg, and M. O. Darby, on the advice of their solicitor, the Council decided to take the opinion of the law in regard to the constitutionality of the proposed bylaw.

One of the main reasons that the bylaw was to be adopted was that the

law was to be in effect from the time the objectives were present, and gave expression of their views.

Looking After Sporting Equipment

On representation of the Baseball Club, it was agreed to write to Vernon Club, as to their method of handling sporting equipment, etc. Under the general heading "Sports," it was decided after the equipment of the various organizations, and the baseball boys have thought that this would be a help to spent locality.

A.P.P. To Be Asked To Help

As Strathmore has now no town policeman, it was decided to ask in乞助 the Provincial Mounted Police to be asked to help. If it would be possible for the local representatives of the "Jug" Constable Hale, prosecute under the Town bylaws.
